Event Type	<input checked="" type="checkbox"/> 4WD <input type="checkbox"/> Social <input type="checkbox"/> Working group <input type="checkbox"/> Information/Training
Description of event & outcomes	<p>Commencing at Dixons Creek just after 0830 we departed into the state forest and along Paul Range Track. Morning tea was at the top of Paul Range Track where those participating in the AFC assessment were briefed. After a couple of recoveries along Martins Track we stopped for lunch.</p> <div data-bbox="418 976 950 1333" data-label="Image">  </div> <div data-bbox="954 970 1502 1333" data-label="Image">  </div> <p>Inspecting a number obstacles, club members were able to practice negotiating difficult terrain. It is often worth spending a few seconds checking the condition of an unfamiliar water/mud crossing.</p> <div data-bbox="725 1440 1192 1751" data-label="Image">  </div> <p>After one of the obstacles Ashley noticed a leak from a front tyre, where the bead had sustained an impact. Shortly after that Scott found a tiny hole in a rear tyre. Both with minor leaks continued and will repair the tyres later.</p>

Negotiating some more tracks and obstacles, a couple of members undertook their AFC2.03B Drive Vehicles Off Road Assessment.

We finished up back at Dixons Creek Fire Station about 3pm, and enjoyable day was had be all.
